HC2054 Litter Bin

LITTER BINS

HC2054 Litter Bin Product Specifications:

- Cast ductile iron semi domed top bin with half circle aperture 298mmx130mm.
- Round in shape with 2 litter posting apertures.
- 110 litre capacity.
- Manufactured from 12mm cast ductile iron.
- Dimensions 1080 x 480 wide.
- Fully galvanised with powder coat finish, as we manufacture all our products in house we can arrange any colour combination you require, see our colour palette section on page 109.
- Stainless steel stubber plate with key operated ash hopper. Common key for rubbish and ash bin access for easy emptying.
- Robust and anti-vandal hinging mechanism, using 16mm stainless steel shaft on door.
- Heavy duty sealed plastic liner to prevent liquid leaking from bin.
- Supplied with detachable base plate both for ease of installation and removal without disturbing ground fixings.

Fitting: There are 4 fixing points on the base for fitting to the ground by means of anchoring bolts.

Concrete Foundations: Recommended concrete foundation 900 x 900 x 150mm.

Options Available:

- A restrictor can be added to restrict access by birds and will also combat the problem of domestic waste dumping.
- Levelling plates to help cater for different street gradients.
- Town logos can be incorporated if required.
- Galvanised steel liner is also available.

Stubber Plate
