## HC2056

Base  
four no. holes per base dia.14 mm

Front elevation

Optional Levelling Plates instantly level the bin on different street gradients

Stubber Plate and Ash Hopper

### Specifications:

- Round top cast ductile iron litter bin with full circle aperture 240mm diameter.
- Elliptical in shape with 2 litter posting apertures.
- 100 litre capacity.
- Manufactured from 12 mm cast ductile iron with 316 grade stainless steel.
- Extremely vandal and impact resistant.
- Dimensions 1200 x 437 x 390 mm.
- Stainless steel aperture rim to protect paint work and prevent chipping.
- Fully galvanised with powder coat finish, see our colour options. ➔
- Stainless steel stubber plate with key operated ash hopper. Common key for rubbish and ash bin access for easy emptying.
- Robust and anti-vandal hinging mechanism, using 16mm stainless steel shaft on door.
- Heavy duty sealed plastic liner to prevent liquid leaking from bin.
- Supplied with detachable base plate both for ease of installation and removal without disturbing ground fixings.

### Fitting:

There are 4 fixing points on the base for fitting to the ground by means of anchoring bolts.

### Concrete Foundations:

Recommended concrete foundation 900 x 900 x 150 mm.

### Options Available:

- Galvanised liner.
- Town logo / plaques.
- Levelling plates to help cater for different street gradients.
- Optional advertising panel available if required.
- Colours.

### Specifications:
